Lingering PRs

- Tock: 19 (of 35) PRs remain open from before TockWorld 6
 - 9 are not ready: 5 blocked, 3 waiting on author, 1 work-in-progress
 - 10 are truly lingering on us
- Approach: assigning PRs to core group members ([#3822](#))
 - Nightly, any PR without a comment from a core team member gets assigned to an active core team member ([currently list of 7](#))
 - In the last month:
 - 35 PRs total
 - 13 were commented before automatic assignment
 - 22 were assigned

Engagement and Outreach

Discussion

- What are the pain points for code contributions?
 - Especially, what are the concerns for upstreaming? (license, time cost, value)
 - How do we improve the first-time-contributor experience?

- How do we better engage our target audience?
 - Spreading awareness of Tock
 - Particular venues we should focus on?
